

On booking.com our apartments have names setting by the system, so we are not allowed to assign custom names to our apartments.

- The apartment "IL POZZO" corresponds to " **Apartment-Erdgeschoss**" (DE) "**Apartment-Ground Floor**" (EN)
- The apartment "IPPOCASTANO" corresponds to "**Apartment**" (DE/EN)
- The apartment "LE FONTANE" corresponds to "**Maisonette-Apartment**" (DE) "**Duplex Apartment**" (EN)

Booking.com offers "Apartment - Erdgeschoss" / "Apartment - Ground Floor" (**IL POZZO**) as **first choice** - if it is still available - because it is **THE CHEAPEST** apartment among the three offered. Upon your arrival we will assign you the apartment you have booked, so we advise you **to read carefully the informations** on our booking.com page and to evaluate carefully all the choices **before confirming the reservation**.

Booging.com manages payments: it holds the money for us and credits us on the 15th of the following month after the check-out.

On booging.com **you decide the apartment or room type** before confirming the reservation. **The Host** and booking.com **can not** in any way **decide** for you. How is it possible? It's easy: **click on the name of the apartment** or, in case you want to book a hotel room, on the room type, in this way it's also possible to read more informations (services, view and so on).

If **you have already booked** one of our apartments **through booking.com**, we remind you that in the **booking confirmation** you can find the following information:
